

## KEY KNOWLEDGE PROGRESSION DOCUMENT – PSHE and RSE

### Features

- At Early Years, the key knowledge progression document takes reference from the following documentation: Early Years Framework, Development Matters and Birth to 5 Matters
- At Key Stage 1 and 2, the key knowledge progression document takes full account of the programme of study for PSHE education and uses the following strands:
  - Health and Wellbeing
  - Relationships
  - Living in the Wider World
- The above strands have been chosen as they replicate the PSHE Association programme of study.
- The statements in **green** reflect where protected characteristics are taught.
- The statements in **bold** are from the RSE and Health Education statutory guidance.
- The statements in **bold green** show where protected characteristics and RSE and Health Education are taught.
- The statements in **red** reflect when parents and carers have the option to remove their child from this teaching.
- The statement about FGM has been moved from Keeping Safe to Safe Relationships as we feel it sits within this strand where private body parts and permission are discussed. This KKP is optional as it requires knowledge of what FGM is. If schools choose to teach this KKP they must make this explicit to parents and carers and offer the opportunity for children to be removed from this aspect of teaching.
- Skills are dependent on specific knowledge. A skill is the capacity to perform or discuss and in order to do this a deep body of knowledge needs to be acquired and retained.
- These knowledge statements should be what pupils retain forever. In other words, this knowledge is within their long-term memory and will be retained.
- When considering pupils' improvement in subject specific vocabulary, pupils could be provided with a knowledge organiser which contains the relevant words used for PSHE for their age group.

### Early Years Framework

	Educational Programme Personal, Social and Emotional Development	Early Learning Goal Self-Regulation	Early Learning Goal Managing Self	Early Learning Goal Building Relationships
<b>Early Years</b>	Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives, and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as EYFS reforms early adopter framework 9 necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life	<ul style="list-style-type: none"> <li>• Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly</li> <li>• Set and work towards simple goals, being able to wait for what they want and control their immediate impulses when appropriate</li> <li>• Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</li> </ul>	<ul style="list-style-type: none"> <li>• Be confident to try new activities and show independence, resilience and perseverance in the face of challenge</li> <li>• Explain the reasons for rules, know right from wrong and try to behave accordingly</li> <li>• Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices</li> </ul>	<ul style="list-style-type: none"> <li>• Work and play cooperatively and take turns with others</li> <li>• Form positive attachments to adults and friendships with peers</li> <li>• Show sensitivity to their own and to others' needs.</li> </ul>

### Subject Content

Strand	Healthy Lifestyles	Mental Health	Ourselves, Growing and Changing	Keeping Safe	Drugs, Alcohol and Tobacco
--------	--------------------	---------------	---------------------------------	--------------	----------------------------

## KEY KNOWLEDGE PROGRESSION DOCUMENT – PSHE and RSE

<b>Key Stage 1</b>	Pupils should be taught about what keeping healthy means and different ways to keep healthy.	Pupils should be taught about different feelings and how to recognise them within themselves and others.	Pupils should be taught to recognise individuality, naming body parts and how we change from young to old.	Pupils should be taught about rules, restrictions and people that keep us safe.	Pupils should be taught the impact of putting things in their body or skin and how these can make you feel.
<b>Key Stage 2</b>	Pupils should be taught how to make informed decisions about health and the elements of a balanced, healthy lifestyle.	Pupils should be taught that mental health is part of daily life and the importance of taking care of mental health.	Pupils should be taught to recognise their personal individuality and identity, identify reproductive organs and puberty.	Pupils should be taught how to promote their personal safety and wellbeing through assessing and managing risks in different situations and including basic first aid.	Pupils should be taught about the risks and effects of legal drugs common to everyday life and their impact on health, as well as recognise that some drugs are illegal to own, use and give to others.
<b>Strand</b>	<b>Families and Close Positive Relationships</b>	<b>Friendships</b>	<b>Managing Hurtful Behaviour and Bullying</b>	<b>Safe Relationships</b>	<b>Respecting Self and Others</b>
<b>Key Stage 1</b>	Pupils should be taught about the roles that different people play in our lives, as well as the importance of sharing worries with a trusted adult.	Pupils should be taught to understand how people make friends and what makes a good friendship.	Pupils should be taught that bodies and feelings can be hurt by words and actions, including in person and online and what to do if they feel worried about themselves or others.	Pupils should be taught to recognise the importance of respecting privacy and the need to speak to a safe adult if they feel worried.	Pupils should be taught about what is kind and respectful behaviour and how our behaviour can affect others.
<b>Key Stage 2</b>	Pupils should be taught to recognise that there are different types of relationships, as well as being able to seek help or advice from a trusted adult.	Pupils should be taught about the importance of friendships, strategies for building positive relationships and resolving disputes.	Pupils should be taught about the impact of bullying offline and online, how to recognise hurtful behaviours including discrimination and how to challenge it.	Pupils should be taught about privacy and personal boundaries, how to recognise peer pressure and where to seek advice.	Pupils should be taught that personal behaviour can affect others and the importance of responding respectfully to a diverse range of people.
<b>Strand</b>	<b>Shared Responsibilities</b>	<b>Communities</b>	<b>Media Literacy and Digital Resilience</b>	<b>Economic Wellbeing: Money</b>	<b>Economic Wellbeing: Aspirations, Work and Career</b>
<b>Key Stage 1</b>	Pupils should be taught about how people, other living things and the environment have different needs and about the responsibilities for caring for them.	Pupils should be taught that it is ok to be different and the roles and responsibilities they have within their diverse community.	Pupils should be taught about using the internet safely, different digital devices and communicating online.	Pupils should know about money; its uses and the choices people make with regards to money.	Pupils should know about different strengths/jobs that people they know or people who work in the community.
<b>Key Stage 2</b>	Pupils should be taught to recognise that there are human rights that protect everyone, and the importance of carrying out shared responsibilities for protecting the environment.	Pupils should be taught to understand diversity and the benefits of living in a diverse community, and how prejudice and stereotypes can negatively influence behaviours and attitudes.	Pupils should be taught to recognise positive and negative ways in which the internet and social media can be used and to be aware of the reliability of online information.	Pupils should know about money; its uses and the choices people make with regards to money, including the issues around gambling-related activities and their impact on themselves and others.	Pupils should be taught to identify positive attributes about themselves and to set identifies goals. To learn about the job market and the options available to them in the future.

### PSHE/RSE Curriculum End Points

The KKPds are the input to the PSHE and RSE programme. The programme end points are the output. These end points capture the knowledge, skills and understanding that children should have at the end of each year. They build progressively over time so that pupils leave Year 6 well-prepared for the next stage of education with the knowledge and skills to keep themselves safe, and to make well-informed choices.

**For subject leaders,** they provide a clear overview of the end-of-year expectations for each year group, which will support the planning and assessment of the PSHE and RSE programme.

**For teachers,** they provide further clarity around what children should be able to do at the end of each year, using the knowledge they have gained from being taught the KKPds. They support teachers to plan activities that help to develop pupils as well-informed young people of good character. They should be used to check what pupils know and how well they can apply this knowledge across the curriculum.

**For pupils,** they ensure that they receive an equitable PSHE and RSE programme which gives them the knowledge needed to be successful in their future studies.

	Nursery	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7
Curriculum End Points	Children should be able to:  Recall the knowledge specified within the KKPds for Nursery  Explain how adults help keep us safe and that some strangers are safe and some not  Identify simple parts of the body  Understand that it is important to eat healthy foods and why we go to sleep  Name things that make them happy and sad	Children should be able to:  Recall the knowledge specified within the KKPds for Reception  Recognise that all families are different  Understand how to wash and brush teeth, exercise and sleep  Name some people who can help you if you are sad or scared  Name common things we can and can't touch and	Children should be able to:  Recall the knowledge specified within the KKPds for Year 1  Discuss people who love and care for us and how they do this  Understand the harm of the sun on skin and how to stay safe from it  Describe ways to make people feel good  Identify the dangers of	Children should be able to:  Recall the knowledge specified within the KKPds for Year 2  Describe the basic rules of online safety and to tell a trusted adult about concerns  Talk about what bullying is (and is not) and how to report to it  Identify parts of body inc. external genitalia  Describe what happens if you eat	Children should be able to:  Recall the knowledge specified within the KKPds for Year 3  Discuss different types of relationships  Describe what germs do and how to minimise harm  Identify effects and impacts of common legal drugs e.g. smoking, alcohol  Understand different forms of consent	Children should be able to:  Recall the knowledge specified within the KKPds for Year 4  Explain the importance of commitment in a relationship  Identify several things that influence what people eat  Describe changes during puberty and function of reproductive organs	Children should be able to:  Recall the knowledge specified within the KKPds for Year 5  Explain the features of positive relationships and some common ways to reconcile disputes  Explain that some people are attracted to the same sex and that sex and gender are different to this  Identify that some groups of people are unfairly	Children should be able to:  Recall the knowledge specified within the KKPds for Year 6  Discuss how relationships can change over time  Understand the term 'discrimination' and give an example.  Describe how/when to get support with health issues, mental and/or physical	Children should be able to:  Recall the knowledge specified within the KKPds for Year 7  Discuss a range of different relationships and the importance of trust within these.  Begin to take personal responsibility for their own health and wellbeing.  Discuss the impact of divorce or separation
